Product Summary

This course provides the student with information on pump construction and theory of pump operations. Topics include methods for performing basic hydraulics and techniques on basic inspections, documentation, maintenance, and troubleshooting fire pumps. Each student also has the opportunity to increase his or her pumping

skills during simulated pumping conditions. Updated to reflect the 2009 NFPA 1002 Standard for Fire Apparatus Driver/Operator Professional Qualifications.

Class Date: March 16-20, 2020 from 0800 - 1700

Instructor: Paul Guerrero
